100% SAFE IN 2016!

Pasadena, TX, January 13, 2017 – The latest statistics from OSHA (US Occupational Safety & Health Administration) confirm that 2016 was another year of outstanding safety for DeBusk Services Group.

There were zero recordable incidents for the entire year. That is at total of 1,733,387 safe man-hours worked across 17 DeBusk service locations.

“We’re extremely pleased with the performance of every member of the DeBusk team,” said VP Safety Paul Raymond, CSP. “However, 100% safety is our expectation. Each DeBusk employee is trained and empowered to think proactively and work to assure the highest levels of safety in every circumstance. We operate in a challenging environment, but we’ll continue our commitment to ‘Safety Without Compromise’ in 2017.”

About DeBusk Services Group, LLC

Founded in 2012, DSG is an industrial services company focused on delivering efficient, safe mechanical and industrial cleaning services primarily to the domestic downstream energy market.
